Server 2.1.1 Maintenance Release (</blog/server-211-maintenance-release>)

Our PDFCreator Server 2.1.1 maintenance release is out and it comes with the following improvements:

Happy European Day of Languages (/blog/european_language_day_2019)

A while ago we were looking for translators who would volunteer to translate PDFCreator into their mother tongue. We were happy to see that more people have signed up to our translation platform since.

We've moved...to the 'Gateway to the World' (</blog/weve-movedto-gateway-world>)

pdfforge has moved to new offices! The lively atmosphere of the Port of Hamburg can surely be felt at our new location.

Can you help us translate PDFCreator? (</blog/can-you-help-us-translate-pdfcreator>)

PDFCreator is being used all over the world, and this is not only down to us.

2000 new trees for our planet (</blog/2000-new-trees-our-planet>)

Thanks to your help, we will be able to donate 2000 trees to Plant-for-the-Planet in connection with our World Environment Day campaign.

PDFCreator 3.5.1 released (</blog/pdfcreator-351-released>)

We recently introduced the sharing of settings via ini files for our PDFCreator business editions. In our maintenance release PDFCreator 3.5.1 this feature has been improved.

World Environment Day (</blog/world-environment-day>)

We can't save the world with PDFs. But we believe that everyone can play their own little part in spreading awareness about an important cause which, we can't deny, affects every single one of us – the state and future of our planet.

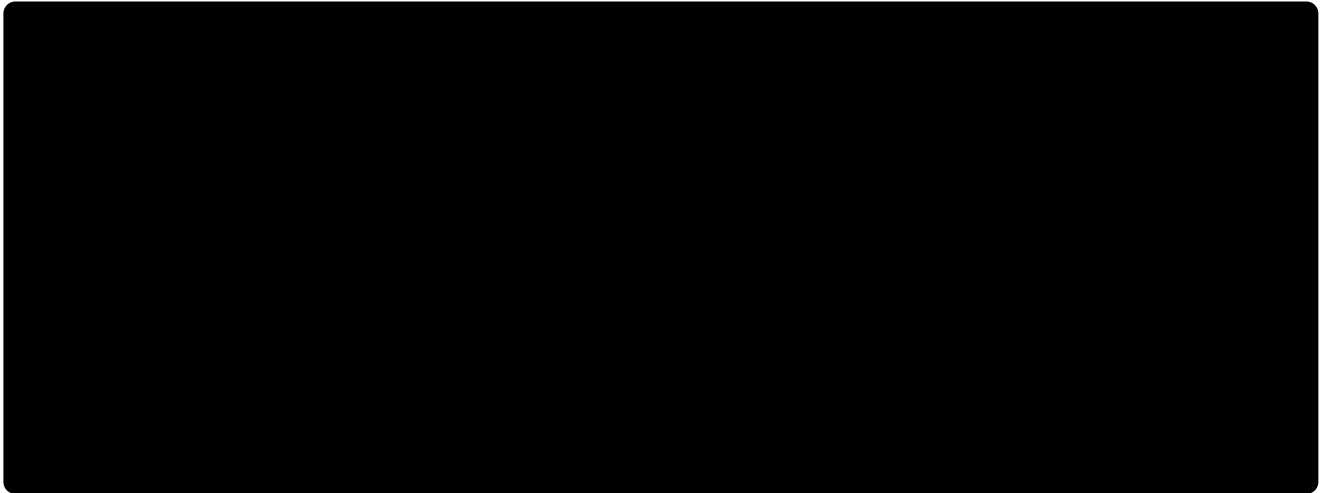

What's important to you is important to us - 3.5 is out now (</blog/whats-important-you-important-us-35-out-now>)

If someone asked us about the secret of PDFCreator's great usability, we would most definitely say that the key ingredient is our customers' feedback.

PDF Architect 7 released (</blog/pdf-architect-7-released>)

The new version comes with an improved usability that focuses on making complex tasks easier and quicker to complete.

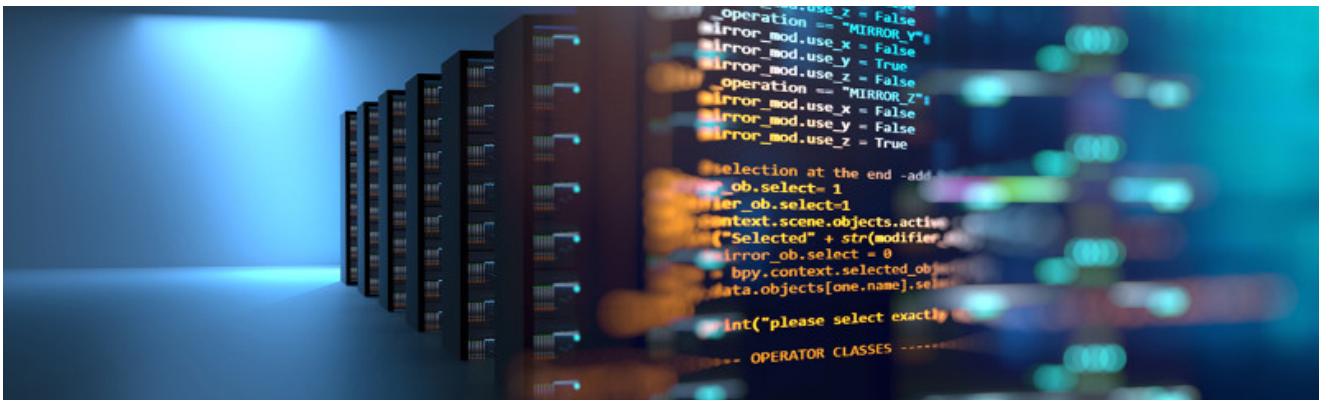

PDFCreator 3.4.1 release (</blog/pdfcreator-341-release>)

Our PDFCreator 3.4.1 maintenance release brings you the installer for the brand new PDF Architect 7

Faster results with PDFCreator Server 2.1 (</blog/faster-results-pdfcreator-server-21>)

Our mission with PDFCreator Server 2.1 was to give administrators more control and more time

Improve your workflow interactively - with 3.4 (</blog/improve-your-workflow-interactively-34>)

PDFCreator 3.4 brings you a new progressive and interactive way of handling PDF files. We even dare to say – a more fun way!

PDFCreator Online is here! (</blog/pdfcreator-online-here>)

Our new "PDFCreator Online" lets you merge PDF files, convert Office files to PDF, and images to PDF in your browser.

PDFCreator Server 2.0.2 and PDFCreator 3.3.2 (</blog/pdfcreator-server-202-and-pdfcreator-332>)

Some users are currently facing an error when launching PDFCreator. While determining the printer ports, an unexpected NullReferenceException occurs. Affected are systems with components that use the Vfpmu.dll like the Telekom NetPhone client. This bug will be fixed with the release of all PDFCreator 3.3.2 editions and PDFCreator Server 2.0.2.

PDFCreator 3.3.0 available (</blog/pdfcreator-330-available>)

Our mission is continuously providing you with reliable and secure PDF-software to make your daily tasks easy. Dive in this article and see what has been refined in PDFCreator. As we improved the security we recommend all PDFCreator users to update to version 3.3.0!

PDFCreator Server 2.0.1 ready to download (</blog/pdfcreator-server-201-ready-download>)

Subsequent to the latest PDFCreator Server (</pdfcreator-server>) version we just released 2.0.1 which fixes the settings migration from older versions.

PDFCreator Server 2.0 Release (</blog/pdfcreator-server-20-release>)

PDFCreator Server 2.0 (</pdfcreator-server>) brings a completely redesigned user interface. The main focus was to make it much easier to find functionality and to make configuring the application as easy as possible. A few larger features were added, i.e. the live monitoring and the C# script action, but we also made a lot of other improvements.

PDFCreator 3.2.2 released (</blog/pdfcreator-322-released>)

Since the beginning of May, we have seen an increasing number of one error type (called `TaskCanceledException`) across all versions of PDFCreator since the 2.x versions. As these versions have worked for years without this error, it seems that this is caused by a bug in the .Net framework that was introduced with a Windows update.

PDFCreator 3.2.1 released (/blog/pdfcreator-321-released)

The GDPR comes into force and we made adaptations to our terms and conditions.

New PDFCreator Server 1.2 (/blog/new-pdfcreator-server-12)

Shortly after the latest PDFCreator release we are also releasing a new PDFCreator Server version.

PDFCreator 3.2.0 out now (/blog/pdfcreator-320-out-now)

With PDFCreator 3.2.0 we are releasing another feature update for our last years redesigned PDFCreator.

PDFCreator 3.1.0 Release (/blog/pdfcreator-310-release)

We're looking back to a successful product development and want to complete the year with another highlight. Our last release was a complete enhanced redesign of our world famous PDFCreator. Now we have added some brand new features to inspire your workflows.

PDFCreator 3.0 Release (/blog/pdfcreator-30-release)

We proudly present the major release 3.0. It's a milestone in the history of PDFCreator. Being the very first accessible application for PDF conversion, PDFCreator is assisting you for more than 15 years now.

PDFCreator 3.0 Preview (/blog/pdfcreator-30-preview)

For the last few months, we have worked hard on PDFCreator 3.0 to make the user interface more intuitive and easier to use while keeping the extensive functionality of PDFCreator as you know it.
